Digital Photo Camp Ages 8-14

For more information, call (510) 494-4322

We will discuss camera basics and techniques for taking better pictures: portraits, family pictures, action pictures, travel pictures, and close-ups and learn online how to use all of the main features of your digital camera. We will cover safe ways to store your pictures outside your

camera so you won't lose your pictures. You'll also learn how to re-use the space on your memory card. We will answer familiar questions like: What do the extra controls on my camera mean? How can I use the extra controls to make better pictures? What difference do they make? My camera can make lots of different sizes of pictures. Which size should I use? Should I always make the biggest size picture? Instructor Len Cook has 15 years experience as a photojournalist and over 25 years as a photographer and instructor. A variety of great locations to choose from! Campers at the Teen Center (TNC) or Visitor's Center (CPVSC) may also register for Central Park Extended Care (see p. 6) from 8-9 a.m. FREE Mid-day supervision is available at Shinn Park (SHP) – see p. 15 or at Olive Hyde (OHAC) – see p. 15 if registered for both a morning and afternoon camp there.
